## HALLIDAYS HARVEST SALE

## DOOR &amp; WINDOW FRAMES OF CLEAR WEST COAST REDWOOD

**2.10**  
UP

Window and door frames are usually the first parts of a house to show signs of weather wear. But not if they are Redwood. On the Pacific Coast a redwood tree has been found with another growing over it that is 2500 years old. This log that has been there so long was still sound. In fact it was made into shingles for a lifetime of service. Redwood resists decay for centuries. That's why it makes the best frames.

**NO KNOTS NO BLEMISHES**

Clear Frames. Think of it! Not a knot or a blemish. Did you ever see any like that? All carefully cut and bundled ready to nail together. Made of Redwood with the exception of Pulley Stiles and Window Stop which are fir to match interior trim. Made to take standard check rail sash  $1\frac{3}{8}$ " thick. The sizes match the sash shown on pages 4 and 5. And the price! Not higher, but considerably lower than ordinary frames containing many knots!

**FOR  $5\frac{1}{2}$ " FRAME WALL**

As these frames are made up at the mill on the Pacific Coast and shipped in carload lots, we cannot supply Redwood frames in special sizes nor for special wall thickness or construction. All frames are for standard  $5\frac{1}{2}$ " frame wall (that is: lath and plaster, 2x4 studs, 1 inch sheathing). For all other types of wall order our regular Pine frames from our Builders' Catalog. Prices below are freight and tax free on orders of \$10 or over. Order Redwood Frames now during our "Harvest Sale" and if you are not more than pleased with their value we will gladly refund your money.

READ ABOVE WHEN ORDERING

**PRICES ON REDWOOD WINDOW FRAMES**

We also show prices on glazed sash, the same as on pages 4 and 5, but we list them here in sizes to match the frames, for your convenience.

Size	Overall of Wall Opening	16H20 Price Frame	14H21 Glaz'd Sash	Size	Overall of Wall Opening	16H20 Price Frame	14H21 Glaz'd Sash

Size 2' 10"x 6' 10". Each	<b>3.40</b>
Size 3' 0"x 7' 0". Each	<b>3.55</b>

These Frames will suit the outside doors shown on page 10.

**REDWOOD DOOR FRAMES**

In the same shipment with the Redwood Window Frames described above we are bringing in a few good sizes of long lasting Redwood Door Frames. With both Window and Door Frames in Redwood the danger of decay can be forgotten. These door frames also of clear material, no knots or blemishes. Cut and bundled ready to nail together. Freight and tax FREE on orders of \$10 or over.

**DOOR FRAMES FOR STANDARD FRAME WALL**

These frames are all cut at the mill and shipped in carloads. They are made for standard  $5\frac{1}{2}$ " frame wall and therefore it is only for this style of wall in standard thickness that they can be supplied. For other sizes, wall construction or special thickness order Pine Frames from our Building Material Catalog on page 35. Stiles and sill of Redwood Frames made of Fir to resist wear and match inside trim which is usually fir.

**SASH WEIGHTS**

Cast iron Sash Weights. Give weight of sash with glass. 46H7856. Solid **3 $\frac{3}{4}$ C** Weights, per pound each  $\frac{1}{2}$  lb. each **3c**. In North Ontario and Quebec Province **4c**.

**SECTIONAL WEIGHTS**

46H7858. Sectional Weights, 1 pound each **5c**. From Our Builders' Catalog

**SPRING SASH BALANCES**

The up-to-date method of hanging sash is to use spring sash balances. Easy to install. Does away with cumbersome weights and pulleys that let in the drafts and easily get out of order. Low price, easy to install, and lifetime service. Sold by the pair. One pair for either top or bottom sash. Freight paid with \$10 orders. Weights given below are in pounds for a sash that a pair of balances will handle.

## BRINGS THESE VALUES TO YOU

In view of the recent increase in the Sales Tax it may surprise you to find that these latest prices on ready-glazed sash are actually LOWER—the lowest indeed that we have ever quoted. The Halliday policy is to meet the present situation by reducing prices to a point where nobody will hesitate about buying. Such prices as these will certainly appeal to shrewd buyers everywhere. We are preparing large stocks so that orders may be handled promptly.

## HUGE STOCKS ON HAND

Great piles of ready glazed sash are on hand in our warehouse awaiting your orders. We usually carry from ten to twenty thousand pieces.

## GLAZED BY EXPERTS

Constant practice makes our glaziers so adept that sash are glazed at a fraction of the ordinary cost. It's true economy to buy Halliday Windows.

## \$10 ORDERS FREIGHT PAID

In shipping we crate the glazed sash carefully and we guarantee safe delivery. Freight charges are prepaid on orders of \$10 or more from this Catalog.

## FRAME TRIM AND HARDWARE \$10 ORDERS FREIGHT PAID

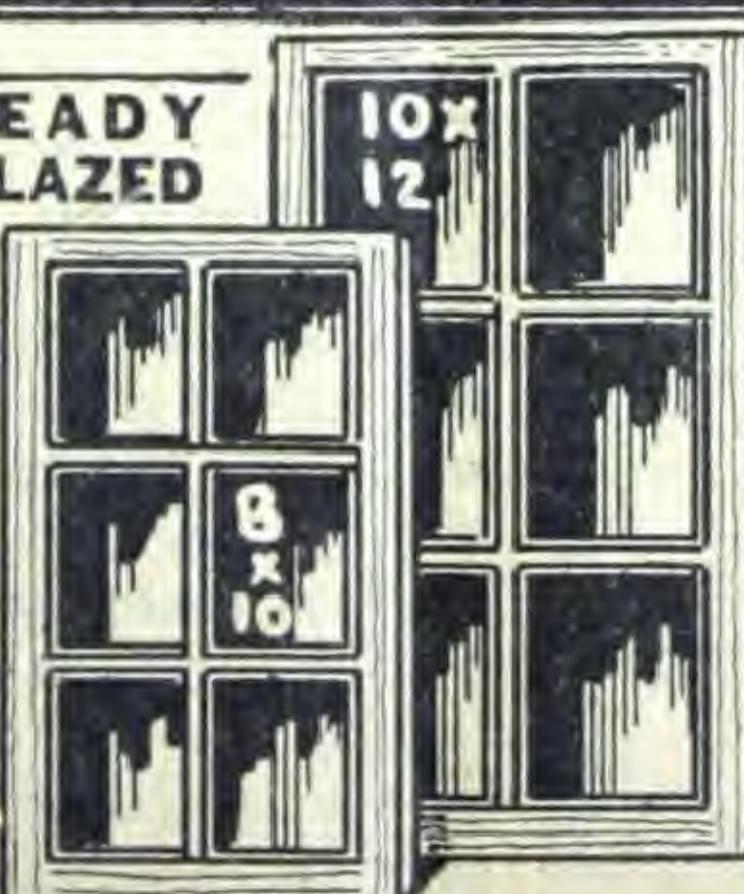

We offer here to match these Sale Sash, FRAMES for standard 5 $\frac{1}{2}$ " Frame wall of Clear Redwood, FREE OF KNOTS. Also a set of Clear Fir Back Band TRIM already cut to convenient lengths and bundled. Also HARDWARE consisting of a sash Lock and Lift with Screws in Dull Brass Finish. Frames for other than standard 5 $\frac{1}{2}$ " Frame wall must be ordered from our regular Catalog.

FROM OUR CATALOG

WITH YOUR

FREE

MEASURE  
AND SAVE

It's fun to measure for Storm Windows now during summer months. Take a few minutes some evening and settle the question of cold-weather comfort for next winter. At the same time get the benefit of Halliday prices and enjoy the extra advantage of FREE HARDWARE.

FREE HARDWARE

Hundreds of householders every year send us their Storm Window measurements. This entitles them to FREE Hardware with each Window. Hardware pair of "Peerless" Hangers (Easy off) and a screw hook and fastener. Once the Hangers are sash. Once the Hangers are no ladder is necessary when putting removing Storm Windows. This is FREE during the Harvest Sale.

Send Only 50¢ per BALANCE Sash LATER

On receipt of a small deposit of fifty cents per window accept your order at present low prices; will prepare your Windows according to your measurements and will hold for later shipment.

OCTOBER DELIVERY

Our usual custom is to ship holding orders about the middle of October. Placing your order in August gives the putty plenty of time to ship and the windows reach you in the best of condition. Also the FREE HARDWARE so that you have everything needful on hand.

COAL BILLS CUT—HOMES WARMER

It's an absolute certainty, proven in hundreds thousands of homes, that Storm Windows save and bring added comfort. We quote in which few out of the many letters received in which customers give definite reports and comparisons man can be absolutely certain that when he orders Storm Windows he is making a wise and profitable investment. It is not uncommon to save enough fuel the FIRST WINTER to repay the cost of windows. The average saving (counting those who have only a few windows protected), is almost exactly 25% (one quarter). To say nothing of added comfort in severe winter weather. It is not too much to say that you are paying for Storm Windows whether you possess them or not. Paying in needless fuel expense. And paying, too, in unnecessary discomfort. You'll never regret fitting your home with Winter Windows. And you'll be glad that you placed your order this year, with Halliday's, during the Harvest Sale.

WILL COME  
THIS YEAR  
SAME AS USUAL

SE. Thomas, Ont.  
As a perfectly satisfied customer, I find that I should tell you how lovely and warm our home has been all this cold winter. Your storm windows are well worth the money.

Windsor, Ont.  
Saved two ton of coal and warmer with storm windows.

London, Ont.  
The storm windows not only saved 2 ton of fuel but the house was warmer than any previous winter.

Elmsdale, Ont.  
Our house was much warmer. We used 20% less fuel. Storm windows are a necessity, not a luxury.

Hamilton, Ont.  
I saved \$33.00 first winter and more than paid for the windows.

# **FREE HARDWARE WINDOWS**

# **WINDOWS READY GLAZED**

We send your Storm Windows already glazed, with glass puttied in. Manufacturing thousands and thousands as we do, our prices are much lower than under the old system. Actually, in some cases, our price for the ready glazed Window is no higher than that commonly asked for the bare sash alone. We attain our remarkably low prices by the utmost economy and efficiency in production. Sash are made in hundreds and thousands of a size and kind (we carry a stock of over 80 ready-made sizes). Glass we import direct from the European markets in large quantities. Our glaziers are never idle. Constant practice has made them exceedingly quick and skilful. Our warehouses are located on track-side. We wheel your shipment of sash direct from our storage floor to the waiting railway cars, on the siding. Thus from start to finish we aim for the greatest economy and efficiency. As a result our prices are so reasonable that Storm Windows have become a necessity, easily within reach of every household.

# **ORDER STOCK SIZES IF POSSIBLE**

In our list of over 80 stock sizes you are likely to find windows that will match your openings. Stock sizes can be trimmed about one inch off width and about 2 inches off height. So that by trimming slightly you can often use a stock size. It pays to do so because stock sizes naturally cost less.

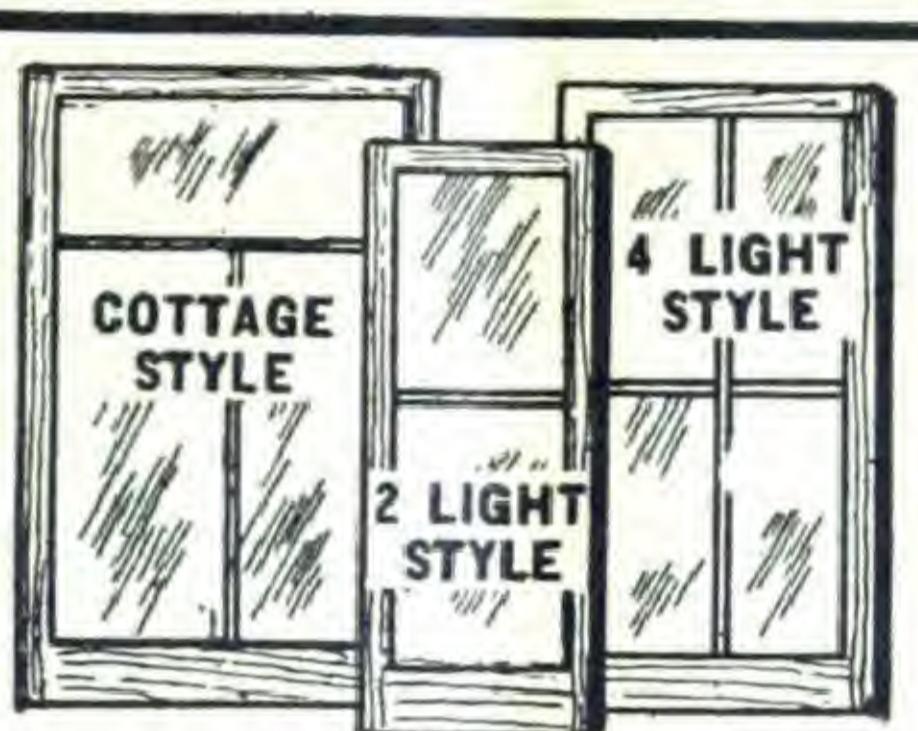

# **SPECIAL MADE TO ORDER SIZES**

We are prepared to make ANY size Storm Window to your special order. Just send us a list of your sizes. We'll gladly give you prices by return mail. And you'll be pleased with the reasonable cost. When sending sizes please always state WIDTH first then HEIGHT. For your convenience in sending measurements please use Coupon in lower right corner.

## **STANDARD STYLES**

Standard stock windows are made in the three styles shown above, 2 light, 4 light, and 3 light, or "cottage" style. See list on this page.

# **FREIGHT PAID**

Halliday Storm Windows are shipped "Freight Free" see order sheet, page 30. Make up an order of \$10 or over (other goods may be added) and the whole will be delivered, freight prepaid. NOTE. We prefer not to ship to Flag Stations, as the railway company will take no responsibility for goods dropped off at Flag Stations and the customer may suffer loss or damage. Railway regulations require that goods sent to Flag Stations be at customer's risk.

# SAFE ARRIVAL

To any station where there is an agent of the Railway Company we guarantee safe arrival of Storm Windows. Windows are carefully packed and unless they suffer accident enroute will arrive in perfect condition. Should there be any breakage or damage report it to the agent and to us and we will promptly make it right without cost to you.

# VENTILATORS ARE EXTRA BOTTOM RAIL VENTILATOR

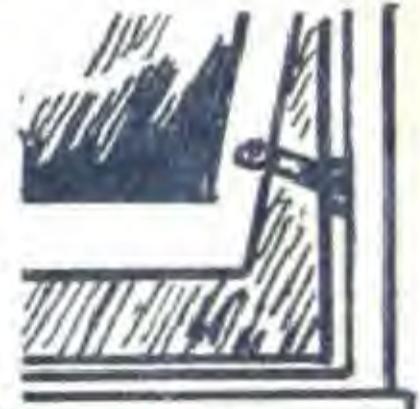

14H200

For bottom rail ventilator as pictured add 15c to price of each window.

## **PEERLESS VENTILATORS**

No. 14H220. Peerless Ventilators. To be used with Peerless Hangers. One will do but two are better. **10c**

HALLIDAYS HARVEST SALE

**BOTTOM PRICES**

Here's a record. Our lowest price for a clear door. And remember, this price is "TAX FREE". We pay the Sales Tax—also the Freight to your station on orders of \$10 or over.

Hallidays have been hammering down the prices of building materials for years until now many prices are below pre-war levels. We have been on the lookout for months to provide our customers with a real value in inside doors. Are these bottom prices? We believe they are. After the bottom the next move is sure to be upward.

**CLEAR WOOD**  
1 $\frac{3}{8}$ " Thick

Beautiful Number One quality Doors. Clear wood throughout. No knots. Suitable for oil, stain, varnish or paint finish. Uprights and crosspieces of edge grained REDWOOD. ## MONTHLY PAYMENTS

Send only FIVE DOLLARS during this sale. That holds your Furnace at the Sale Price and gives you the benefit of monthly payments on the balance. We pay freight to your station. You'll have no Sales Tax, and no interest on top of your payments. We're going as far as we possibly can in price, and terms to make it easy for you to have a new furnace this fall.

## A GOOD FURNACE

This "Pipeless" Furnace will make a good job of heating the average home. Has a large combustion chamber—made of heavy steel plate with top joint electrically welded so that it cannot leak, smoke, gas or dust. It will burn hard coal, coke or wood and is a most efficient furnace for burning soft coal or western coal. This is a popular furnace due to its low cost, quick heating ability, and long life, shipped to you with body all in one piece ready to install. Casing comes too, and is of ample size to allow for slight difference in height of basement. This Pipeless Furnace can be supplied in two sizes according to the following specifications.

ORDER NUMBER	FIRE POT	HEATING CAPACITY	REGISTER	CASH DOWN	SEPTEMBER OCTOBER	PER MONTH 8 MONTHS
34H220	20"	15,000 ft.	24x27	5.00	10.00	7.50
34H222	22"	22,000 ft.	30x30	5.00	10.00	10.50

WE CAN ALSO GIVE LOW PRICES ON PIPE FURNACES. WRITE FOR INFORMATION.

Send Five Dollars during this sale. See order sheet on page 30. In September send us \$10—and again in October. That makes \$25 paid. Then we ship your Furnace. After receiving the furnace you pay from 7.50 to 10.50 another 8 months (10 monthly payments in all), and the furnace is paid in full.

**HEAVY 3 PLY WEIGHT**

## A NEW LOW RECORD

The man who cuts a fifth of a second off the world's record for 100 yards is acclaimed a hero! Only a super-man can do it. And only the utmost effort and closest kind of figuring have enabled us to offer this super-value—which eclipses any price we ever offered on 55 lb. heavy weight (3 ply) Roofing. Now it actually costs you LESS than the usual price of lighter weight.

### SALE PRICE

**1.85**

24H155. Our challenge offer! Un-equalled value in a low price Roofing.

Fills a needed place around the home and farm. Each roll will cover 100 square feet, lapped. Nails, cement and directions sent. Sale price per roll, freight paid (\$10 orders) as far as Ottawa Valley, North Bay, Sudbury and "Soo".

In North Ontario and Quebec 1.95. See page 30.

HALLIDAYS HARVEST SALE

**ROOFING****FIRE SAFE  
ORNAMENTAL  
SLATE COATING****2.85****NAILS, CEMENT AND  
DIRECTIONS SENT**

*Better Value than EVER*  
 Lower even than last year's low price. In spite of the higher Sales Tax which we pay. For remember all Halliday prices are "Tax Free", which means that we pay the tax instead of adding it for you to pay. Our low price "freight paid" and "tax free" makes this the best value we have ever offered on Colored Slate Coated Roofing. Compare and you'll see the welcome saving offered here. Send your order during this Sale.

**CHECK THIS ROOFING POINT BY POINT**

- ✓ Every roll Number One quality. No "Mill Ends" or Seconds.
- ✓ Full Standard Weight. Average 85 lbs. or over.
- ✓ Full measure—each roll covers 100 square feet (one square) lapped.
- ✓ Rolls all 36 inches wide.
- ✓ Large Head Nails and Lap Cement in each roll.
- ✓ Freight Paid (\$10 orders) and "Tax Free"

- ✓ Warranted "Fire Safe". Won't start fires or spread fire.
- ✓ Ornamental Blended Coating of Colored Slate.
- ✓ Needs no coating or painting. Colors can't fade or run.
- ✓ "Picture Book" Instructions assure satisfactory result.
- ✓ Can be laid over old wood shingles, requiring long nails, costing 10c per roll extra.

**WALL SIDING IN ROLLS**

Ornamental Stucco Finish Wall Siding can be used on walls and gables of new or old buildings. Surfaced with white rock crystals embedded in a waterproof plastic base, this Siding will vastly improve the appearance of your walls. It will also stop cold winds and keep out dampness. Particularly valuable as a low price finish over old weather-worn wood siding or wall shingles. Can also be applied over old stucco walls. Wherever used it will greatly add to winter comfort, save fuel and protect from searching winds at the same time making a noticeable improvement in appearance.

**STUCCO FINISH**

Stucco Finish Wall Siding comes in rolls 32 inches wide and about 40 feet long, weighing between 85 to 90 pounds per roll. It is absolutely waterproof and wind-tight. The outside surface of white rock crystals gives a stucco like appearance to walls and gables. We furnish galvanized nails for applying. We recommend finishing the seams with a wood batten strip nailed over the lap.

**FREIGHT PAID PRICE \$10 ORDERS**

# HARDWOOD

## WE SELL "LAID MEASURE"

When comparing prices always bear in mind that we sell Flooring by "Laid Measure". Our price by the foot gives you enough flooring to actually cover a square foot of floor when laid. This is the straight-forward, easy way to buy flooring. Simply take the length and width of your room; multiply the two and you have the number of square feet of surface to be covered. Order that much flooring at our price and you have enough for the job. Some dealers still price flooring by the old method requiring you to add from a quarter to a half extra for waste in matching. The price "seems" less but your floor actually costs much more. Always demand "LAID MEASURE" prices.

How much will it cost to floor one of your rooms? Like to wager that your ideas are far and away to surprise when they actually figure it out. Suppose you do it our way. First, find the width and the number of square feet of Hardwood Flooring the flooring for an average living room or dining bedroom can be covered for as little as \$6.00 a Halliday price, which you'll find are ever so much! For weeks, yes months, we have been on the buyers have the satisfaction of knowing that never certainly make no mistake ordering Hardwood Floor improvement which, with so little outlay, will add value of your home?

**THEY ALL WANT OAK**

Why? Because oak is THE wood for hardwood floors. Hard and long lasting! Beautiful in grain and coloring! And now within the reach of all. The grade offered here is next to the very top grade. It is the most popular grade far outselling all others. Officially known as "Second Grade" it permits of occasional small sound knots and discolorations but with a little care and judgment in laying will produce a floor of fine appearance. All boards are  $\frac{3}{8}$ " thick with tongue and groove on both sides and ends. Easy to lay and finish. Directions sent with each order.

**STILL AT THE RECORD LOW PRICE**

Owing to recent tariff regulations the price of oak flooring from south has increased over three cents per foot but we are still able to maintain our record low price. This has been accomplished by contracting for large quantities of oak lumber grown in the best southern timber limits and having it brought to Canada for milling. That's why folks say "Buy your flooring from Halliday's. Their prices are the lowest." And remember our prices are "Laid Measure". Just order the number of sq. in feet each room. Make no allowances. Add no extras beyond perhaps a few feet for possible spoilage in laying.

**FREIGHT PAID**

20H1610. Red Oak Flooring  $\frac{3}{8}$ " thick. Tax free. Freight paid on orders of \$110.00 or over. Large quantities in stock. "Laid Measure". Sale price per square foot. In Northern Ontario and Quebec Province add  $\frac{1}{2}$ c per sq. ft.

## LAYING HARDWOOD FLOORS

For best results there is no doubt that it pays to engage an expert flooring man. If you live within say 25 miles of our nearest office we'll be very pleased to give you a price on laying and finishing your floor complete, using our expert workmen and electric sanding machines.

With each order we send "Directions for Laying and Finishing Hardwood Floors". These directions are intended to aid the householder who wishes to lay his own floors. We know that hundreds of our customers do lay their own floors and with pleasing results. After all, unless the under boards are in very bad shape, the laying of hardwood flooring presents no great difficulty to the average man who is handy with tools. And Hardwood Flooring is something a man can work at in spare time.

## HARVEST SALE PRICES

When a strong durable Hardwood Floor is required this heavy Maple Floor is the kind to use. Made from inch lumber dressed to 1 1/2" thickness. And a good width 2". All end and side matched. The grade is right—next to the very top grade; officially known as second grade. The kind used for nearly all better class work. The ideal flooring for schools, halls, stores and all public buildings. Sometimes used for laying over old house floors especially where the old floor is very rough, also in kitchens. Makes a beautiful floor that will last a lifetime.

Owing to an overstock at one of the flooring mills we were able to buy away below market prices. This saving is being passed along to you during our "Harvest Sale". Place your order as soon as possible after receiving this Catalog. Prices are "Laid Measure". No bundled ready for shipment. Tongue and groove. Remember this when comparing prices. No Tax. No Freight. 20H1630. Heavy 13/16" x 2" Second Grade Maple Flooring. Tax Free and Freight Paid to your station on orders of \$10 or over in Ontario as far as Ottawa Valley, North Bay, Sudbury and "Soo". Per square foot "Laid Measure". In North Ontario and Quebec Province add 1c per sq. ft.

# HOUSE PAINT

**OUTSTANDING VALUE**

**SATISFACTION GUARANTEED**

## LOWER PRICES FOR PAINT

A special value in high grade house paint was offered to us by a manufacturer who wished to keep his staff busy. He offered a medium grade paint but we insisted on first grade and here's the result. So during "Harvest" Sale you can buy paint that we fully recommend, and save a dollar or more a gallon. Paint now when the weather is fine for best results and have the surface protected before winter sets in.

## THE REASON

We are able to offer these low prices because paint materials have fallen to very low levels. Also by confining the range of colors to six shades it is possible to make up larger quantities of each at a big saving in time, and therefore in cost. Every effort has been made to bring the cost down without lowering the quality. We pass this saving on to you.

HALLIDAYS HARVEST SALE

# MILL END SALE

## THICK BUILDING BOARD

TWO FOOT PANELS 7-16" THICK, 8 FEET LONG

**FREE SAMPLE BY MAIL**

**HANDY IN THE ATTIC**  
Make new rooms in the attic. These handy sheets can be laid up and down or across studs.

**LAY OVER CEILING JOIST**  
Laid over ceiling joist in unusable attics, checks escaping heat, saves fuel.

**WARM WALLS**  
Build warm walls into new houses. Use it instead of wood sheathing. Keeps out cold and dampness.

**WARM ROOFS**  
Lay Insulating Board under shingles. New houses or old will be warmer, fuel bills less.

## FACTORY CLEARANCE

We'll make the price right, said a mill owner, if you'll help us move this factory stock of Building Board Mill Ends. That's how this offer comes to be in our Harvest Sale Catalog. Your chance to buy number one sheets in heavy, thick, Insulating Building Board at 'way below regular value.

### SHEETS 2' x 8' - FIVE PER BUNDLE

In making this thick Building Board there is a 24-inch side trim or "Mill End" at the machines. This is cut into panels or sheets 2 feet wide and 8 feet long, packed five sheets per bundle. The material is first-class in every way, the only difference being that the sheets are half usual width. These two-foot sheets can, with a little planning, be used almost anywhere that ordinary four-foot sheets are used. And the difference in cost is a great inducement.

## MILL END PRICES FACTORY CLEARANCE

Building Board, as described, in "Mill End" Sheets each sheet two feet wide, eight feet long. Packed in bundles of FIVE SHEETS. Each bundle contains 80 square feet. Thickness of Board about 7/16 inch. Interlined with asphalt. Cream-white color outside. Can be decorated if desired. Applied with large-head nails as advertised at foot of this page.

Order No. 28H100. Price delivered (\$10 orders) at Railway Stations in Ontario as far as Ottawa Valley, North Bay, Sudbury and "Soo"—  
Per bundle (5 sheets) ..... **2.80**

In North Ontario and Quebec Province add. 45c per bundle.

### WE ALSO SELL SHEETS FOUR FEET WIDE

From our Building Material Catalog we quote the following prices on Damp-proof Insulating Building Board in sheets FOUR feet wide, FIVE sheets to the bundle. Order No. 28H4950. FOUR-FOOT SHEETS. Price per bundle of five sheets, freight paid (\$10 order) as far as Ottawa Valley, North Bay, Sudbury, and "Soo"

Five Sheets 4'x8' (160 ft.) **7.20** | Five Sheets 4'x9" (180 ft.) **8.10** | Five Sheets 4'x10' (200 ft.) **9.00**

In North Ontario and Quebec Province, add 75c per bundle.

### NAILS

46H4918. Large Head Bright Nails 1 1/4" long for thick insulating board. For these narrow sheets order about 1/2 lb. nails per 100 sq. ft. of board. Price per lb. **9c**

### GUMMED TAPE

30H5110. Gummmed Paper Strips 2" wide. 150 ft. in roll. As in our Builders' Catalog per roll **29c**

### THE EASY WAY TO INSULATION COMFORT

Light, fluffy gypsum powder put up in bags for easy handling. Just pour it between ceiling joists over the plaster ceiling, or pour it between the wall studs. Keeps out the cold of winter and the summer heat.

30H5000. Dry Insulating Powder in 40-lb. bags, \$10 orders delivered to stations in Niagara Peninsula and as far as Toronto, Guelph, Stratford, St. Mary's, London, St. Thomas, and Port Stanley. Price

p/r 40-lb. bag ..... **75c**

Price per ton in above territory ..... **35.00**

In the rest of Ontario, as far as Ottawa Valley, North Bay, Sudbury and "Soo". Per 40-lb. bag ..... **82c**

Price per ton in above territory ..... **40.00**

In North Ontario Quebec write for prices.

18B4918. Clear wood Panel Strip. Used to cover joints when papering on Insulating Board. Size 3 1/4" x 1 1/4" in random lengths. Price **2 1/4c**

## HALLIDAYS HARVEST SALE

HEAVY COPPER BEARING  
GALVANIZED  
26 GA. EAVETROUGH

Your new Eavetrough must be (1) Durable, (2) low in price. It must be durable because you can't afford to be putting up new trough every few years. It must be low in price because right now you are probably getting less or earning less than you were. Here's just what you want.

## LASTS LONGER

Here's a value that can be accepted without hesitation. Heavy 26 gauge Copper Bearing Galvanized Trough at the low price we usually charge for ordinary 28 gauge. There's quite a difference in the cost—ordinarily. But during this sale you get the heavier, "stiffer" and more durable 26 gauge at NO EXTRA CHARGE. And remember—it's "Copper Bearing" Metal—galvanized. Tests prove positively that "Copper Bearing" Metal will cutwear and outlast ordinary sheets.

THESE LOW  
EAVETROUGH

48H2404. Four inch Eavetrough, suitable for houses and summer buildings. Made from 26 gauge Copper Bearing Metal, Galvanized. Sale price per TEN FOOT LENGTH

# HALLIDAYS HARVEST SALE

## WEATHER WORN ROOFS NEED THIS ROOF COATING

Many a weather-worn roof can be given a new lease of usefulness, by simply coating with this heavy waterproof Roof Coating. Checks rust, and stops pin-hole leaks, easily and cheaply. Good on metal roofs or old felt roofings. Any roof, new or old will last longer when covered with this thick weather resisting coating.

**COSTS LESS THAN 1/2¢ A FOOT**

Buy now at Harvest Sale prices and you will protect your roof at a cost that will seem ridiculously small by comparison. One gallon will cover 200 feet on metal roofs, 100 feet on felt roofs. This works out less than 1/2¢ a sq. foot for metal roofs, slightly more on felt roofs.

### ROOFERS' BRUSH FREE

Just for good measure, during Harvest Sale we send you FREE a roofer's brush when you order 10½ gallons or more. Fit a broom handle to the brush and you're ready to get to work. Right now is the best time to do this work, and right now you can buy at lowest prices. Do all your roofs, put them in shape for fall rains and winter storms.

### \$10 ORDERS FREIGHT PAID - TAX FREE

These low prices include the new Sales Tax and we pay freight, \$10 orders to your nearest railway station.

Prices in this book show the cost of goods delivered at your nearest railway station in Ontario or Quebec Province, freight paid. Make up an order of Ten Dollars or more and you'll have no railway freight to pay.

## **CUSTOMERS IN NORTH ONT. and QUEBEC**

Higher freight rates make it necessary for us to charge more on a few lines of heavy goods when shipped into North Ontario and Quebec Prov. This extra charge is always mentioned in connection with the price of the goods. If only one price is shown that price is good also in North Ontario and Quebec.

# **NORTH ONTARIO**

The area called "North Ontario" in this catalog takes in all C.P.R. stations NORTH of Mattawa to Angliers, Que., all stations on T. & N. O. Ry. NORTH of North Bay to Cochrane (including Rouyn Branch); all C.N.R. and C.P.R. Stations NORTH and WEST of North Bay and Sudbury as far as Algoma Central Ry.; all Algoma Central Ry. Stations NORTH of "Soo" and all C.N.R. points between Cochrane and Hearst.

## **QUEBEC PROVINCE**

By "Quebec Province" we mean all of Quebec except stations in the extreme North and in Gaspé Peninsula. Gaspé points are served by our Maritime Branch at Truro, Nova Scotia.

**DEFERRED PAYMENTS MAY BE ARRANGED**

In this catalog you will see some goods advertised on Deferred Payments—Garages, Furnaces, Water Systems. If ordering these on Deferred Payments please fill in the information asked for below and send the cash payment called for in the catalog. Or if you wish to purchase other goods amounting to \$50 or over on Deferred Payments (1st) make out a list of the goods on this order sheet, (2nd) send a cash deposit of at least one-quarter, (3rd) fill in the credit information asked below. We will reply telling you the amount of each payment after adding interest and carrying charges (about one-tenth).

## HALLIDAYS HARVEST SALE

## SAVE ON YOUR NEW ROOF

POPULAR HONEYCOMB PATTERN

## FACTORY DISTRIBUTOR'S PRICES TO YOU

These Shingles cost you less because we ship direct to you at Factory Distributor's prices. By doing away with all needless selling expense; by cutting handling costs to the limit and by accepting quantity business at keen margins we are able to offer you these Harvest Sale bargains. It's a pleasure to pass such savings on to our customers. Of course the prices are good only during this Sale.

## WE GUARANTEE QUALITY AND SERVICE

Buy with confidence! The Shingles are all standard quality. Full weight. Full coverage. Water proof qualities fully warranted. These Shingles will give you the satisfaction and service you have a right to expect. We stand right back of everything we sell! Our guarantee protects you.

## READ FULL DETAILS HERE

These Shingles are known as Hex Design because they lay in a six sided, honeycomb pattern. They are the approved slate or rock coated Shingles warranted watertight, color-fast and "fire-safe". Especially recommended for laying over old wood shingles, but can be used on new roofs also. When laid there is a back lap of 2 inches. Packed two bundles to a "square" (enough to cover 100 sq. feet of roof). Weight per square about 180 lbs. Choice of two colors not listed in our other Catalogs—Grey Green and Spanish Red.

## GALV. NAILS

46H4484. Large Head Galvanized Roofing Nails for laying Shingles on this page. Size  $\frac{3}{8}$ " for new roofs requires  $1\frac{1}{4}$  lbs. per square. Size  $1\frac{1}{4}$ " for over old shingles requires  $2\frac{1}{4}$  lbs. per square. Price per lb. 11c

## ROOF PUTTY

54H200. For flashing chimneys, sides of valleys, dormers, sidewalls, etc. Sure to be needed. Order plenty — always useful. Waterproof Roof Putty, black, FIVE POUND TIN 45c Larger 25-lb. can 1.75

## RIDGE COVER

OUR CHOICE  
25H4431. We recommend Individual Asphalt Shingles for Ridge and Hip finish, Blue Black color, which harmonizes nicely and looks well. Figure twelve Shingles to 4 running feet, laying 4" to weather. Price per DOZEN Shingles 27c

24H4432. Ridge or Hip Cover consisting of 9" strip of Slate Coated Roofing. Blue Black color recommended. Price per running foot 9" wide 3c 18H5036. Metal Cover, Galvanized. Per running foot 8c

WRITE FOR YOUR FREE COPY OF HALLIDAYS' BUILDING MATERIAL CATALOG

MAIL COLOR SAMPLE FREE

4.98

## STARTER STRIP

24H4430. When laying asphalt shingles a 12 inch starter strip should be laid along eaves. Price per running foot 12 ins. wide, in Standard Red or Grey  
Green color 4c

## VALLEY STRIPS

24H4430. We recommend Heavy Slate Coated Roofing for Valleys, using an 18 inch strip over a 12 inch strip. Colors Standard Red or Green. Per running foot:

12 in. width 4c | 18 in. width 6c

4SH5040. Metal Valley Strip, galvanized 14" wide. Price per foot 11c

## FREE ASPHALT PUTTY

We send FREE with order enough Asphalt Putty for flashing chimneys and vent pipes, but if your roof has valleys, dormers or sidewalls, you'll need to order EXTRA from this page. For bedding the sides of valleys you require about 1 lb. of putty for every 6 feet of valley. For flashing sidewalls of dormers, etc., figure 1 lb. for every 3 feet.

**\$25 MONTHLY BUYS ALL MATERIALS FREIGHT PAID**

Our picture shows a Frame House. Equally low prices can be quoted, however, if you wish to finish your home in Stucco or Brick Veneer.

## "IDEAL" SMALL HOME CHOICE OF SIX FLOOR PLANS

The six plans shown to form our "Ideal Series" give a wide choice of interiors carefully designed to provide the best possible arrangement of rooms with a well balanced exterior. Special attention has been given to the bathroom to secure privacy and easy access from any part of the home. You will notice further that these homes can be built on the average lot and still leave ample room for a side drive. NOTE—On request we send free Blue Prints showing larger details

### ALL PAID IN THREE YEARS

REASONABLE DOWN PAYMENT REQUIRED—Write for Particulars

To make it possible for many to build now, special low prices have been quoted for the "Ideal Series", and arrangements have been made to spread the payments over three years. You must own your lot outright to take advantage of this plan and the down payment must be completed when the material is delivered. You then have three months in which to complete your building before any other payments are due. You pay 7% interest on the unpaid balance and this with your monthly payments pays for your home in full within three years. We pay fire insurance for the whole period.

### "COMFORTESTED" CONSTRUCTION

The now famous "Comfortested" construction has been followed throughout. This means "in-built comfort", adequate insulation and fuel economy, at low building cost. "Comfortested" construction stands for double floors, Celotex insulation inside and out; heavy asphalt shingles in beautiful blended colors; clear fir doors and interior finish; everything necessary to complete the house from the foundation up, exactly as shown in the picture.

Many of our customers cannot use plumbing, electrical or heating equipment, so these are not included (though we can supply them at reasonable cost). We do not send sand and lime for plastering, or brick for chimneys. These can usually be obtained more cheaply from some local source. But everything else, rough lumber, Celotex Insulating Lumber, Celotex Lath, Wood Lath, nails, sash weights, finishing hardware, coat looks, paint, varnish, stain, eavetrough, glazed sash, ready-cut trim for doors and windows, every last thing to finish the job and all of the very best quality.

### PICTURE FOLDER

Have you the Picture Folder of Halliday Homes and Summer Cottages? This is sent Free on request to all intending builders and contains a great variety of modern homes, prices ranging from \$1000 to \$2,600. Write and get your copy. If you are building Hallidays can help you.

### DURING THIS SALE

Remember this offer is limited to the Harvest Sale. A deposit of \$25.00 sent now will be binding on us. Details of financing can be arranged later and we shall be pleased also to advise you on your practical problems. We want to help you own your home: built to give you the utmost comfort, stability, service and 100% value for your dollar. Remember too that labor costs are lower now than in years. Your money will go farther than if you wait until everyone is busy again.
